SCHOOL ELECTIONS

ELEMENTARY AND HIGH
SCHOOLS TO CHOOSE 1 TRUS-
TEE EACH NEXT FRIDAY

Two very important elections are to be held next Friday from 8 a. m. to 6 p. m. in the High School building for trustees, one for the High School and one for the Elementary schools. Each is to serve for a term of three years. The same polling place and same election officers are to be used in the two contests. Joseph E. Henderson will be inspector and Misses Cora Hickman and Nellie B. Simpson judges.

In both cases the retiring trustees, Dan Campbell for the High School and D. J. Hibben for the Elementary schools, are candidates to succeed themselves and thus far no others have been announced.

As the schools are dear to the hearts of all good citizens, there should be great interest taken in these elections.

POSSIBLE SABOTAGE

DETECTIVE MALCOLM MCLAREN
INVESTIGATING MYSTERIOUS
EXPLOSION

Detective Malcolm McLaren of N. Jackson Street, this city, who is connected with the office of District Attorney Woolwine, is investigating a mysterious explosion which occurred Saturday in New High Street for which some of the radicals whom federal authorities are trying to run down, are believed to be responsible. It occurred in a rooming house a short distance from the court house. The last occupant of the room had gone away and left it locked and in order to show it to a new applicant entrance had to be effected by the transom. There was a fireplace in the room which was filled with a litter of papers to which a match was applied and an explosion followed which blew the mantle to pieces, shattered all the windows, and did other damage. Mr. McLaren says it has been definitely determined that it was dynamite and he and others working on the case are now trying to locate the man who had the room and left it locked.

CONTRACT LET FOR SECOND
MAUSOLEUM UNIT

The contract for the erection of the second unit of the Mausoleum at Forest Lawn cemetery was let to a Pasadena man for \$29,000 and he was also given a \$13,000 contract for extra grading in connection with this work. The construction will be of reinforced concrete, granite, marble and bronze.

RAINFALL FOR STORM 1.78—
FOR SEASON 14.49 INCHES

H. E. Bartlett's report of the rainfall for the storm which began Saturday night is 1.78 inches. For the season his total is 14.49 inches. Last year at this time the record showed only 11.22 inches. The seasonal average has been almost reached.

NEW RADIO CLUB

AMATEUR WIRELESS OPERA-
TORS OF PRE-WAR DAYS
AGAIN ORGANIZE

When war needs caused the closing of all amateur radio stations there was much lamenting among boys who were interested in becoming wireless operators. But the ban was lifted a few months ago and already more than 30 Glendale boys have instruments installed. The High School trustees donated \$30 toward the establishment of a radio club among the students and granted the use of a room in the mechanical arts building for a main station. Masts are being erected on the roof for the aerials and soon the station will be regularly equipped for business. Officers of the club are Harold Ducey, president; Raymond Mundon, vice president; Ralph Hutchinson, secretary, and Chester Weaver, treasurer. Most of the members have sets of their own and hold government licenses. Many of them are becoming quite proficient and are heard exchanging signals with each other and with operators in nearby cities. One member, Dan Campbell, Jr., has recently communicated with Palo Alto and Sacramento, more than 400 miles distant.

WEATHER FORECAST: Showers tonight and probably Tuesday.

J. W. M. BURTON OUT

ABLE TO WALK ABOUT WITH
CANE AFTER WEEKS OF SE-
VERE ILLNESS

After weeks of illness and some setbacks when he supposed he was convalescent, J. W. M. Burton is really recuperating, he says, and is again to be found at his office. When the influenza, which attacked him in an unusually severe form, had exhausted itself in other quarters, it attacked his feet, which swelled to abnormal size and for some time he was dependent upon crutches. But he has been able to cast away those supports and uses a cane instead in the expectation that it, too, can be discarded in the near future. He says he is gaining about a pound a day in weight and hopes to soon recover the fifty or more pounds he lost while the fever consumed him. Influenza moves in a mysterious way, he declares, saying the prostration following the malady must be experienced to be realized. The ruling passion gripped him in spite of his disabilities and while still bedridden he sold his Montrose home to Fred Anderson, a real estate dealer in that settlement who wants possession very soon so the Burtons will move next week to a house they own at 346 West Lomita, this city, the tenant having vacated it at Mr. Burton's request. This, he declares, is only a temporary change of residence as his heart is still true to Montrose to which he and Mrs. Burton expect to return.

PICTURE MAKING ON BRAND

Some of the members of the Ruth Roland Company operating at the Astra Film Studio were out on location on Brand Boulevard Saturday afternoon doing the fourth episode in the "Broadway Bat." The actors in the brief scene staged in the stairway leading to apartments at 507 South Brand, were Mr. Hayes and an extra taken on for the occasion. The Lloyd Hamilton comedies are now being completed at the studio, it having been necessary to provide a small lake to stage some of the scenes. Some spectacular things are to be done next week with an airplane provided the pilot, now in the hospital suffering from blood poisoning in his foot, recovers sufficiently.

VON KOLKEN FAMILIES RECOV-
ERING FROM FLU

Roy Van Kolken, wife and children of 618 East Chestnut Street have been spending a few days with relatives in Los Angeles. They have had a very serious time the past six weeks with the flu, as all were down at the same time, as well as Roy's mother and sister, who had come out to visit them. All were quarantined at the same time. Roy has missed his vegetable route for more than six weeks and is prohibited by his doctor from going to work for a month longer.

REVIVAL SERVICE

FORTNIGHT OF SPECIAL MEET-
INGS OPENS AT CENTRAL
CHRISTIAN CHURCH

Revival services which are to cover a period of two weeks or longer opened at Central Christian Church Sunday evening and the edifice was crowded in spite of threatening weather.

The sermon was preached by Evangelist C. C. Root of Van Nuys, his theme being "What Is a Christian?" He found his answer in the Bible, which he quoted freely. He has it almost at his tongue's end and is never at a loss for a quotation to enforce a point. It is evident he has been an earnest student as he is but twenty-seven years of age and has already attained distinction as a preacher of the plain, simple gospel.

He divided the world into two classes, those who are Christians and those who are not Christians, and mentioned the things required of the Christian, resistance to evil, obedience, sacrifice, etc.

The music of the service included a quartette number, "The Wayside Cross," sung by W. B. Kirk, Forrest Cole, Harry Marple and J. A. McKelvey. The congregational singing was led by the pastor, who began his ministry as a singing evangelist. The music in connection with the services will be an important feature, as Rev. Cole will be assisted by the fine choir of the Christian Church.

BETTER CONDITIONS IN GERMANY

PREPARATIONS MADE TO PROTECT CAPITAL FROM THE
COMMUNIST ARMY, SAID TO BE APPROACHING

(Special Service to Glendale Evening News)

LONDON, March 22.—Dispatches received here today indicated that conditions in Germany are becoming quieter. The government has re-established its authority at Kiel and Leipzig, the dispatches said, and the attorney general has started proceedings against Dr. Von Kapp and General Von Luettwitz, leaders of the insurrection. An official Berlin wireless gives these terms as the agreement between the labor unions and the government for calling off the general strike:

A new cabinet to be formed with the co-operation of the unions. Officials in the Von Kapp insurrection to be punished. Reorganization of the administration to permit of republican officials.

The socialization of industries including the nationalization of mines and of the potash industry.

Stronger measures to conserve and increase the supply of food stuffs, the prosecution of profiteering traders, and new agrarian leaders.

Reorganization of the Reichswehr under the leadership of republican officials with special recognition of the labor unions. Removal of all known reactionaries from the government.

Rumors that a communist army was marching on Berlin caused great excitement in the German capital yesterday, dispatches said. The inner city was fenced with double barbed wire entanglements. Machine guns have been placed at regular intervals throughout Berlin, the message said. Holes have been knocked in government buildings for the erection of machine gun emplacements.

One dispatch said that radicals in the strike movement had issued a manifesto declaring that workers will remain out until they obtain complete socialism. Independent socialists, this dispatch said, demand the dissolution of all military police forces, the creation of a revolutionist defense corps, abandonment of a state of seige and immediate nationalization of mines.

ADMIRAL BENSON ANTI-BRITISH

WARNED ADMIRAL SIMS: "DO NOT LET THE BRITISH
PULL THE WOOL OVER YOUR EYES"

(Special Service to Glendale Evening News)

WASHINGTON, March 22.—It was Admiral Benson who warned Admiral Sims: "Do not let the British pull the wool over your eyes." Sims declared to the Senate Naval Inquiry Committee today. Several weeks ago Sims told the committee such a warning had been given him during a conference at the Navy Department as he was about to sail for Europe a few weeks before this country entered the war. Benson at that time was chief of naval operations. He is now head of the Shipping Board. Sims referred to Benson as being intensely anti-British and said his statements were repeated in substance on two occasions, once in Paris and again in London. The instructions Sims alleges Benson gave him were:

"Do not let the British pull the wool over your eyes. It is none of our business pulling their chestnuts out of the fire. We would as soon fight the British as the Germans."

"I have always considered Admiral Benson perfectly honest, fair and square and a high-minded gentleman," Sims said, "but any man who is intensely anti-British or anti-French will always be held by those sentiments."

TO RELIEVE FAMINE IN EUROPE

(Special Service to Glendale Evening News)

WASHINGTON, March 22.—The Senate today passed a bill authorizing the Federal Grain Corporation to use five million barrels of flour to feed needy people in Europe. The Corporation is authorized to sell the flour or to extend credit for it.

GREAT GOSPEL FEAST

ELDER PROUT ENUMERATES
POPULAR EXCUSES OF NON-
CHURCH ATTENDANTS

Following a stirring gospel sermon by Elder C. S. Prout at the Seventh-day Adventist church (California and Isabel), Saturday morning, a large number of children, young people and adults, took their stand for Christ. Quite a number, especially of the youth, thus signified for the first time their desire to become Christians. Others who came forward desired a deeper consecration and about twenty-five desired baptism. This consecration service was a culmination of the week of special effort for the young people.

The sermon was based upon the theme of the great gospel feast to which all are freely invited by the King of kings—Jesus Christ. The speaker said the feast was spread for friends and enemies alike. But from time immemorial men have made excuses, preferring all worldly pursuits above the honor of sitting with Christ in heavenly places. Elder Prout enumerated some of

the popular present day excuses offered by those who remain outside the church.

Hypocrisy of professed Christians is cited as an excuse by many. But ever since the time of Christ when there were twelve disciples and one of them was a hypocrite there has been a Judas in every body of believers. Peter, James and John did not refuse to follow Christ on Judas' account either at that time or afterward. Christ Himself did not refuse to associate with Judas though He knew what was in his heart, but gave the hypocritical disciple equal opportunity with the true. Christians are not saved by their own righteousness, nor the righteousness of others, but by the righteousness of Christ.

Another excuse himself for the present, promising to accept salvation at a more convenient time. The Bible says "now is the accepted time, now is the day of salvation." No one has a lease on his life which may be snuffed out at a moment's notice with no time for repentance. Or from long resistance to the Spirit, the heart may become too hardened to yield.

The attraction of the world from an excuse for many. True there is temporary pleasure in the frivolities and sins of the world but "the wages

IDEAL CITY BOARD

WILL RESULT WHEN PEOPLE
SELECT WISELY THEN AD-
VISE AND ENCOURAGE

Mr. A. T. Cowan, Editor
Glendale Evening News,

Dear Sir: Last Thursday there was held in the auditorium of the Glendale Union High School a mass meeting of citizens called by a few citizens who realized, like yourself, the importance of considering and proposing the names of capable and energetic business men or women for the very important office of city trustees, city clerk and city treasurer to serve this municipality.

This meeting proposed for nomination certain names for the office of trustee, three of which are to be elected on April 12th who will, together with the two trustees holding over, govern the affairs of this city for the next four years. We are emerging from a small town into a city and must be prepared and ready to take our place by the side of other cities of like size. We have ahead of us a big program including among other things big engineering problems such as a sewer system, enlargement of our water and lighting systems, power plants, a comprehensive system of trans-city boulevards, industrial and housing problems, electric railway extensions, steam road facilities, parks and playgrounds, municipal buildings and comfort stations.

It is deplorable that there is so little apparent interest being taken by the citizens of our city in this most important event which will be upon us so soon. You will hear some citizen say, "Why don't they put up" this man or that man referring to someone who would really make a good capable trustee. This citizen can't seem to realize when he makes such a statement that he has the same right and the same duty to see that such a man as he has in mind is nominated and his name placed on the ballot, but no, he is like the most

FLAG POLE FOR NEW PARK

Glendale's new park is to have a fine flagpole in the not distant future. Henry Lutge, brother of Mrs. John Robert White, who is a rancher living near Burbank, has offered to the city a eucalyptus tree that stands 85 feet high and is slim and straight as an arrow. This will be cut down and brought to the city pole yard, where it will be put through a hardening process and will then be erected with appropriate ceremonies. It is expected it will make a flag pole 75 feet high.

KANSAS PEOPLE EXPECT TO
MAKE HOME IN GLENDALE

Mr. and Mrs. J. F. Ollinger of Salina, Kansas, who visited in Glendale through December, January and February, leaving for home on March 2, have written to relatives and friends here of how they are longing to return to this land of sunshine and flowers. They are bending their energies toward disposing of property there so they can make Glendale their home. While they were in this city a reunion of Salina people was held in Los Angeles and 150 were present, all of whom claimed residence at some time in that little city.

STORM WATER BROOKS

"OLD TROPICO RESERVOIR"
OVERFLOWS SENDING STREAM
DOWN GLENDALE AVE.

The stream of water flowing down East Windsor Road and South Glendale Avenue which reached the proportions of a brook Sunday afternoon, aroused considerable curiosity and speculation. It came from the "old Tropic reservoir" between Windsor and Maple which has been used in supplying certain portions of the city and which overflowed yesterday. There was no flooding of Sycamore and Verdugo canyons, the rainfall being carried off in fine shape, but some storm water flowed down Brand Boulevard because culverts at Doran and Lexington Drive which had become choked by leaves and debris did not carry off the water. To avoid any bump in the road these culverts were made wide and low. Water alone is easily discharged through them, but after every storm an examination is necessary and some cleaning. One day last week there was quite a stream flowing down Glendale Avenue caused by the overflowing of the small reservoir near the Ross ranch.

WOLVERINES MEET

EATON RAPIDS, MICH., SOCIETY
HOLDS MARCH GATHERING
IN GLENDALE

The former residents of Eaton Rapids, Mich., now living in Los Angeles and vicinity meet together every month at the home of one of the members. The March meeting was held with Mr. and Mrs. A. A. Richards of 343 Salem Street, in honor of Mrs. Richards' parents, A. H. Wheat and wife, of Salina, Kansas, who are wintering here. It was held on Wednesday, the 17th, because that was Mrs. Wheat's birthday. The rooms were decorated in California flowers, calla lilies, iris and poppies, interspersed with beautiful ferns. There were 51 people present, including the family of the hostess and her parents. Music and pleasant conversation made the evening pass pleasantly to all and delicious refreshments were served. Dr. Willisford and wife who were

FOOTBALL CLUB MEETS WITH
MRS. BOND

The Football Club, which meets on the third Friday of each month, held its March meeting with Mrs. G. K. Bond, 1311 North Brand Blvd., on the 19th. Roses and other spring flowers were used as decorations for the rooms and the effect was very beautiful. The business meeting was taken up mainly with the election of officers. Mrs. Mary J. Oliver was the choice for president, Mrs. Wm. Clifton Cutler for vice president, and Mrs. Walter J. Elliott for secretary. Mrs. J. I. Wernette was admitted to membership. Mrs. Wm. Porter, the retiring president, was unable to be present on account of illness. Special guests were Mrs. James Pond of Chicago and Mrs. Frank Marshall of Huntington Park. Refreshments were served at small tables by the hostess and assistants.

DAUGHTER BORN TO MR. AND
MRS. A. M. FELAND, JR.

Mrs. John H. Jackson of 332 N. Orange, who is visiting her daughter, Mrs. A. M. Feland, Jr., in Danville, Ky., writes that a little daughter has come to bless the home and has been named Elizabeth. Mrs. Feland, who was Miss Elizabeth Jackson, lived in Glendale for six years and was a very popular school teacher.

C. E. CONVENTION

ONE HUNDRED AND FIFTY
YOUNG PEOPLE FROM GLEN-
DALE PARTICIPATE

The Los Angeles County Christian Endeavor Convention, held in Pasadena, closed last evening, and in spite of the rain was a decided success, beginning Friday night with a heartfelt message on "The Name Above Every Name, Jesus." Saturday morning the Quiet Hour, Bible studies, and departmental conferences took place. Saturday afternoon was a patriotic and business session. Then at 5 o'clock every one that could secure tickets repaired to the banquet hall where the Intermediates partook of a sumptuous dinner at the Presbyterian church and the Young People in the Congregational Church. Saturday night the auditorium of the Christian Church was packed to overflowing with the Young People sitting in groups, according to districts, Glendale having the largest delegation, there being about 150 young people who took up the entire side of one of the balconies where they sang and gave Glendale yells. The reports of the different committees followed a live, wide-awake song service. The nominating committee gave a splendid report which provides us with one of the best group of young people to head our work for the coming year. The "place of meeting committee," of which Howard Brown of Glendale was chairman, reported that the next convention would be held in Whittier in 1921.

Sunday morning in spite of the rain the auditorium of the Christian Church was well filled to hear William Shaw, the world's executive secretary of Christian Endeavor, on "Loyalty." Throughout the day the Holy Spirit had full sway and with the closing message given by Dr. Leishman, of Pasadena, on the subject, "Follow Me for My Name's Sake," there was a large ingathering of decisions, when a great number of young people gathered around the altar in full surrender and enlistment in service for the Master. There were a goodly number of Young People among these from Glendale.

CHURCH SERVICES

REV. E. S. EVANS APPLIES SALVATION TO THE INDIVIDUAL AND THEN TO SOCIETY

Southern Californians are so delighted with every drop of rain which the heavens vouchsafe that they cheerfully brave stormy weather. Services at all the churches were well attended yesterday, this being particularly true of the Congregationalist Church. Rev. E. Selwyn Evans of La Canada preached in the evening on "Salvation." His two strong points were that salvation must first be personal and second social, that is, there must first be the saving of the individual and then of society. He declared that men should not think of salvation merely as a means of escaping hell or of gaining heaven, but as a means of bringing man into intimate relationship with God. Death, he said, would not change men. We would begin in the next world where we left off here.

IDEAL CITY BOARD

(Continued from Page 1)

of us, we prefer to let George do it, then, after the election is over and things at the city hall don't please us it is so easy to find fault and kick and say "I told you so," etc. Then after awhile some fellow proposes that we annex to Los Angeles (or Burbank) so we can get rid of that "bunch" at the city hall.

You know what I mean. The proverbial kicker who is too lazy to get out and help secure the man who is fitted for the job and see that his name is on the ballot and then see that he gets the support that is required to place him on the job. Now let me say that no business man is hankering after that job if he knows what the job requires of him to make good, nor will you get him by just sitting back and waiting for him to file his petition and have him announce he is going to run for the job. Believe me, I don't want that job, and for several reasons. The first reason is because of the many night meetings and conferences which take a man away from his family and because of the time consumed daily in consideration of municipal matters. In case of election I eliminate the possibility of securing any business or contracts from the city that would naturally be in my line of work, and I have reason to believe there will be considerable construction work undertaken by the city during the next four years, to say nothing of the strain and worry of having every municipal problem laid on your shoulders, and in return for your time and trouble receive nothing except criticism of those you have failed to please.

And then I am asking myself the question as every candidate should before God and man, am I qualified to perform the service that is required of me?

Now in closing I desire to say that my views don't agree with the old time-honored method of securing candidates for city office. I am firmly convinced that the office should seek the man rather than the man the office.

This is no reflection on any candidate who has already declared his intention to be on the ballot in this connection because he has no doubt been persuaded to do so by his friends.

What I mean is that the citizens of a community should make wise selections among men best qualified and insist that they sacrifice any personal reasons and accept the honor and obligation as a duty, and perform the functions required to the best of their ability with the understanding that criticism of their actions during office be replaced with sound advice and encouragement, then and not until such a condition exists will a city get the ideal group of councilmen who are ready, willing and anxious to serve all the people and the city to the fullest extent.

Yours respectfully,
ROY L. KENT.

BIDS FOR BONDS

The Board of Trustees of the City of Glendale will receive bids up to 7:30 o'clock P. M., Thursday, March 25th, 1920, for the purchase of bonds in the amount of \$260,000 authorized by election held November 12th, 1919. The proceeds of the sale of the bonds to be devoted to extension and betterment of the Municipal Water Works and system and of the Electric Light Works and system. The issue consists of two hundred and sixty bonds of the par value of \$1000 each, the first ten bonds payable March first, 1928, and payable thereafter at the rate of ten bonds yearly until including March 1st, 1953, drawing five per cent interest, payable March 1st and September 1st of each year.

Bids to be accompanied by a certified check for five per cent of the amount of the bid.

By Order of Board of Trustees.
J. C. SHERER, City Clerk.

INDUSTRIAL GAS

GLENDALE FOUND TO BE ON THE MAP IN THIS RESPECT

When the city authorities were consulting recently with a manufacturer desiring to locate a factory in Glendale's new industrial district, the question of the supply of natural gas for industrial purposes came up and the man was assured that there would be no trouble in this respect, as the main pipe line of the Midway Company passed through Glendale and one of its stations was located on West Doran Street. But when the new general superintendent of the Southern California Gas Company was asked what was Glendale's rate he said there was none, though Burbank and other cities in this vicinity were provided for in this respect. The superintendent, T. J. Protheroe, was informed by the city authorities that he must be mistaken and was invited to look more closely into the matter, then come out to Glendale and report his findings. This he did Friday and he informed the city manager that Glendale's contention was correct, for it was on the company's industrial map with a rate proportionate to those of other cities. He finally agreed to appear before the city authorities and the industrial committee next Tuesday and go into the matter very thoroughly, so that the established rate for industrial gas would be known exactly. He explained that there is a shortage of natural gas, owing to the immense drains upon the supply by the huge manufacturing enterprises recently established and being built in Los Angeles and vicinity but that he would see to it that Glendale was placed on an equal footing with other cities in this respect. So next Tuesday's conference is a very important one and the prospects for Glendale as a future industrial center are very bright.

Personals

Miss Florence Heacock of Compton spent Sunday with Glendale relatives and friends.

C. O. Pulliam and wife started yesterday on an auto trip to Fresno, expecting to be absent until Thursday.

Miss Louise Brown of 217 West Lomita Avenue was married last Thursday to O. Allison Creighton of Phoenix, Arizona.

Mrs. George M. Harrison of Long Beach spent a day recently with Mrs. Nellie Penniman of South Maryland Avenue.

Mrs. William La Fountain of W. Acacia Avenue is entertaining her sister-in-law, Mrs. Edward Hotelling of Troy, New York, who will be here for some time.

The rain storm now in progress is said to have caused a great deal of "wire trouble" and interfered with the receipt of telegraphic news by the United Press and other agencies.

Charles Fenwick of Santa Ana was in Glendale Sunday, coming up to see his former pastor, Rev. C. A. Cole. They were very close friends when Rev. Cole was preaching for the Compton Heights church in St. Louis.

Fred Jarrett, who was taken very ill with influenza a few weeks ago while working in the Wash and taken to a Los Angeles hospital, has recovered sufficiently to be taken by his father, W. R. Jarrett, to the new home in Yucaipa.

Miss Nellie Sanborn, Superintendent of Immigrants at San Pedro, who was formerly a parish deaconess in a church of which Dr. Clyde Monroe Crist was pastor, was the week-end guest of Mr. and Mrs. Crist and will return to her work today.

G. I. Toews of Spokane, Wash., was a guest last week of his brother-in-law, A. P. McPhail, at 318 Ivy Street. Mr. Toews is well known in the Northwest among the real estate and banking circles. He was well pleased with the business outlook of Glendale.

Mrs. W. J. Stone of Paso Robles is visiting with old friends in Glendale. They lived for several years at 641 North Brand Boulevard. Mr. Stone and the little daughter, Imogen, will come down next Saturday for a brief visit and all will go home together.

W. S. Caldwell and family moved Saturday from 343 West Broadway into the new house, just completed by him, at 341 West Broadway. The house they moved out of, also a new one, in which they had lived but a month, was sold recently to S. H. Waller and wife of 518 Oak Street, who moved in today.

Dr. Crist reports an excellent attendance on the morning and evening services at the First Methodist Church and great interest which is manifesting itself in conversions and applications for membership. At the Easter services he expects to receive into the church by letter and confession of faith about fifty members.

J. W. Wright, who recently moved, with his wife, to a little place they bought at 703 East Chestnut Street, is just able to be up after a very serious heart affection following influenza. For a day and a night his temperature was at 106 and his heart missed one beat in three. He is still very weak but his recovery seems assured. Mrs. Wright is a helpless invalid, which made it all the harder for him.

Mr. and Mrs. Carl Gee, who have been making their headquarters in San Diego since last September, are spending a month here as guests of Mr. and Mrs. McDaniel before returning to their home in Missouri. It is their second visit to Glendale since they came to the state. They are very favorably impressed with Southern California and think it not unlikely they will return to make a permanent home here within a few years.

One of the numerous St. Patrick affairs which was of unusual interest and pleasure to participants was the semi-social meeting of the High School P.-T. A. which took place last Wednesday when a program quite different from the one usually provided, was enjoyed. There were vocal solo numbers by Mesdames G. D. Roach and Eustace B. Moore and Miss Helen Esterly for which Mesdames Wright and Gibson furnished accompaniments, and readings by A. H. Montgomery.

Ladies who attended the club tea given by Mrs. G. D. Roach last Friday afternoon are still talking about the beautiful solo program generously contributed by Mrs. Charles Parker. The group of three bird songs by Liza Lehman which she gave was new to the majority of those present. They are rather novel lyrics which call for the dramatic ability which Mrs. Parker possesses in such large measure. She also sang "When We Get to Heaven," by the same composer, and Harriet Ware's "Mammy Song," Cadman's "At Dawning," and Oley Speak's "Sylvia." The Madrigal Club, which Mrs. Parker directs, is now holding its rehearsals in Odd Fellows' Hall.

SONG OF THE VINEYARD

REV. EDMONDS LIKENS THE CHRISTIAN LIFE TO THE WINE PRESS

In spite of the steady downpour before church time yesterday morning a large number of the congregation found their usual places in the Presbyterian church. Rev. Edmonds took as his text, Isa. 5:3-4. "Judge I pray you, betwixt me and my vineyard. What could have been done more to my vineyard; that I have not done in it?" A few brief thoughts from the sermon are as follows:

There are no messages in all the Word so inspiring, helpful and wonderful as are found in the prophecy of Isaiah. God is still on His throne and cares for His people. As in the days of King Uzziah when all things prospered exceedingly abundant, so today, all things seem to be coming our way. "Never in all the history of these United States were there ever such prosperous times. The churches were never so rich nor had such opportunities for building up the gospel. Even so, history repeats itself and in the days of prosperity many turn away from God. It is possible for us to bring our money into God's treasury but the heart does not go with the gift. When a man or a nation begins to shut God out of their life, judgments are sure to follow. God planted the choicest of vines in the vineyard. He gathered out the stones, and fenced the vineyard round about, and He looked that it should bring forth grapes, and it brought forth wild grapes. What kind of grapes are you giving to the Lord these days? What more can He do for the vineyard than He has done? There are three things we will note that God has done. First, He planted a tree—the Tree of Life. He placed Adam in the garden a sovereign man, created in the image of God, and Adam deliberately and wilfully disobeyed God. Man fell and dragged the whole human race down with him. It was Adam's test and it showed that in his power of choice he chose the evil.

DEATH OF MRS. L. M. LOCKWOOD

Louise M. Lockwood passed away at the home of her daughter, Mrs. L. G. Topliff at Covina, Saturday evening at 7:30 p. m., at the age of 80 years.

Mrs. Lockwood has been a resident of Glendale for about ten years prior to November, 1918, when she removed to Covina.

She is survived by a son, J. R. Lockwood, 1011 North Louise St., Glendale; a daughter, Mrs. S. G. Topliff, Covina, Calif., and a brother, A. M. Koyl, of Independence, Kansas. Funeral services will be held at the J. E. Patterson Undertaking parlors at Pomona, Tuesday, March 23, at 2:30 p. m.

W. G. WATSON ILL

W. G. Watson of 126 North Cedar Street, who was taken sick about ten days ago, is still very ill and a Los Angeles specialist has been called in consultation. He is not suffering but seems to have experienced a physical collapse from which he is unable to rally. He is 78 years of age and of course has not the recuperative powers of youth, also, he has never been strong since the accident six years ago in which he was crushed by the overturning of a truck which fell upon him. At that time he was injured in his chest and shoulder and suffered a severe scalp wound.

In the will, sin is not in the physical body, none of these are the fountain of sin, sin is in the blood. It is a stupendous fact that with every generation there is greater weakness and more of a tendency toward sin. Nothing can stop the stream of sin in the blood and it must be dealt with through the saving power of God through Christ Jesus.

The second thing God did, He gave us the ten commandments. It is humanly possible to keep the Ten Commandments. Take your own life, single out some sin, are you going on record as saying that sin was unavoidable? When a man steals or murders do you tell me he could not help it? You and I don't have to sin, but outside of our own lives we must have some transforming power that will make us strong enough to withstand temptations. The Law is a schoolmaster that brings us to Christ and He does the job. The Law is the instrument which God uses to bring us to grace. Third, God rears a Cross in the midst of the years. There are few that are saved. We are not rushing into the Kingdom. The cross to the prophet is the wine-press. Christ trod the wine-press alone. From out the wine-press came a purple stream that filled a fountain, and we sing "There is a fountain filled with blood, drawn from Immanuel's veins, and sinners plunged beneath that flood, lose all their guilty stains."

There is one other figure, the watch tower. You know the significance of the watch tower? It brings the assurance of security. "Nothing can separate us from the love of God, which is in Christ Jesus our Lord." No one is able to pluck me out of the Father's hand. When the enemy comes into the vineyard, before they can touch me they must destroy Him. Security—what more can He do? Why, nothing at all. There is a sequence to this text, "How shall we escape if we neglect so great salvation?" The Lord God has done everything for you. When you come before Him in the great day will you be speechless? It is for you to say what you will do. God forbid that we should give Him wild grapes. May He go with us through life and keep us true to ourselves.

Rev. Edmonds' evening sermon was the second in the series on "Jonah. Have You Paid Your Fare?" and was given to a large and interested congregation. There were no Christian Endeavor meetings on account of the great majority of the young folks being at Pasadena attending the County Endeavor Convention.

DEATH OF MRS. ETHA ST. CLAIR

Mrs. Etha St. Clair died Sunday, 8:50 p. m., at the home of her son, Clyde, 511 East Harvard. She was taken ill more than a month ago and it was soon determined that her condition was hopeless, as her malady was a growth in the stomach. Her only daughter, Mrs. Elizabeth Brant, of Seattle, Wash., was then telegraphed for and she arrived Thursday last. Two sons, also, survive her, Clyde of Glendale and Arthur of Redondo. Funeral services will be held Wednesday at the Pulliam & Kiefer Undertaking Company parlors, with interment in Forest Lawn Cemetery. The Elks' lodge will have charge of all the services.

Mrs. Herman Oelschlager of 322 West Cerritos Avenue has gone East with her children to spend the summer. Mr. Oelschlager will be here until the first of the month and is very busy packing and disposing of some of his household effects.

W. E. High, who recently sold his residence at 1136 East Colorado, has bought the large house at 237 Cerritos Avenue. Relatives who have recently joined him and Mrs. High from Detroit, Mich., will occupy it with them.

Mrs. Glassburn, a former resident of Glendale, was a guest for luncheon and over-night of Mrs. Eustace B. Moore one day last week and accompanied her hostess to the entertainment given by ladies of the Central Avenue Methodist Church.

Mrs. Alexander, one of the new comers from Tennessee who is living at 410 East Dryden Street, was surprised by other members of the Ridgely colony last Saturday who had a picnic at her home, which proved a very delightful social affair.

LISTEN, GLENDALE:

Nowadays we're all looking for **GOOD VALUES**. When you buy something, you want all the **VALUE** your money can get for you.

Now read the following very carefully, Mr. and Mrs. Glendale: Because tradition, or precedent, or habit has induced you to spend **Your Good Money** for **Bad Carfare** looking for good value around the corner or over the next hill, is no reason that **GOOD VALUE** isn't in your own town.

IT IS. WE'LL SHOW IT TO YOU!

"Never Has to Call a Doctor—Bathes Internally"

Mr. J. E. McNeil, P. O. Box 217, Globe, Ariz., writes to the Tyrrell Hygienic Institute:

"I have been using the 'J. B. L. Cascade' for the past twenty-five years and call it our cheap family physician for the reason that I have never had to call in a physician to treat one of the family. What a pity more of the human race are not acquainted with the virtues of the Cascade in a family."

The "J. B. L. Cascade" cleanses the lower intestine its entire length and keeps it always free of poisonous waste. Thousands testify that Constipation, Indigestion, Stomach Troubles, Biliousness, Headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this Nature Treatment.

Roberts & Echols in Glendale, will be glad to show you the "J. B. L. Cascade," explain its simple operation and will give you, free on request, an interesting little book by Dr. Chas. A. Tyrrell of New York, a noted specialist on Internal Bathing for 25 years in that City. Clip this out as a reminder to ask for the booklet at your first opportunity.

GREAT GOSPEL FEAST

(Continued from Page 1)

of sin is death" finally and the prime path leads to destruction. The path of the just apparently contains many trials and difficulties, but leads eventually to life eternal. Between the two widely diverging ways there is no half way path, no compromise.

Fear of criticism for past or prospective future mistakes keeps others from joining the church. To such the study of the Bible and the use of prayer are recommended to keep them from falling. The salvation of Jesus Christ saves people from their sins and keeps them thus.

Summing up all the excuses that are given by non-professors of Christianity the speaker declared that the real reason underlying them all is sin in the life. There is something the excuses is loath to surrender and therefore takes refuge in excuses.

Religion is a matter of fact not feeling. Depression of feeling is not necessarily spiritual darkness but may be caused by physical conditions. Faith must be cultivated and while trials will come God is just as near during a total eclipse as he is in the glare of the noon-day sun.
